EXPERIENCE

TD Lab • UX/UI design intern

Jan. – Apr. 2020, Kitchener ON

Designed a weekly summary feature for money management using Figma, Sketch and Zeplin, increasing user adoption and retention.

Betalab • Product designer

Feb. 2020 – present, Kingston ON

Currently designing an app for heart disease patients to promote and facilitate recovery after cardiac emergencies.

PROJECTS

Retailer sizing tool

Mar. – Apr. 2020

Designed a tool for retail merchants to provide their customers with a personalized experience while finding sizes that fits them best; reduced theoretical interaction cost by 37%.

UWaterloo portal application redesign

Sep. 2019

Redesigned UWaterloo's student portal app by interviewing 10 student users and creating mock-ups with Figma.
