EXPERIENCE

TD Lab · Product design intern
Jan. – Apr. 2020, Kitchener ON

Designed a feature to encourage better financial habits among young adults, stimulating user engagement; earned approval from TD executive VP's to commence testing and development

Wrote and implemented an internal remote user testing guide, making the transition to WFH easier for TD Lab's design team

VoGro · Product designer
May 2020 – present

Led the end-to-end design in an agile environment of an app that helps elderly people find helpers; VoGro is live on the Play Store!

Used Figma to create designs, Zeplin to communicate designs with developers and Webflow to build VoGro's product page

Betalab · Product designer
May 2020 – present

Designing an app, CardioMe, to promote post-cardiac emergency rehabilitation by encouraging better habits through gamified loops and intuitive day-to-day tracking

Hatch Coding · JavaScript instructor
Jun. 2019 – Aug. 2019

Taught and mentored 30+ students over the summer sessions in concepts like arrays and functions

PROJECTS

Retailer sizing tool
Mar. – Apr. 2020

A tool for small retailers to optimize and personalize customers' buying process by providing fast and accurate sizing, leveraging Shopify's design system Polaris

SKILLS

Design
UX/UI + product design, product strategy, prototyping, wireframes, mock-ups, usability testing

Tools: Figma, Adobe Xd, Sketch, Principle, Framer X, Protopie

Development
HTML/CSS, Python (Flask), SQL, JavaScript, C++

RELEVANT COURSES

Human Factors in Design
Introduction to Design
Algorithms and Data Structures
Digital Computation (C++)

EDUCATION

University of Waterloo
Expected graduation: April 2024

BASc. candidate
Systems Design Engineering

International Baccalaureate Diploma program
Sep. 2017 – May 2019

INTERESTS

Deception board games
Ultimate frisbee
Toronto Raptors (fan since 2008)
