Experience

Software Engineer, UI Design | Thatch

Jun 2024 – Present, San Francisco CA

First UI Design Engineer doing everything design related. Created component library from scratch. Defined design principles, recruiting processes, and team culture.

Design end-to-end flow for self-serve onboarding. Design recommendation experience to help **33% of new members make informed health decisions** and **reduce time to enroll by ~30%**.

Product Designer | With Coverage

Oct 2023 – Mar 2024, Toronto ON (Remote)

Designing an all-in-one insurance experience for consumer brands, creating product marketing materials **generating \$150K in ARR**, while designing the dashboard experience to find optimal coverage for customers and build trust.

Product Design Intern | Mercury

May 2023 – Aug 2023, San Francisco CA

Helped 25K+ founders predict their yield on investments totaling \$X00M+ in Mercury Treasury by designing a Yield Estimator, fostering trust and retention.

Community

Sponsorship Director | Hack the North

Feb 2022 – Oct 2023, Waterloo ON

Led a team of 7 to raise \$1M+ and partner with 85+ sponsors, funding the event for 3K+ attendees in 2 years and establishing new relationships with leading organizations like YCombinator, Stripe, 8VC, and Rewriting the Code.
